East Valley Water District
Plant 134 Upgrades and Expansion

East Valley Water District (EVWD) is accepting sealed Bids for construction of the Plant 134 Upgrades and Expansion. The work will include construction, installation, and successful placing into operation of a new 8 mgd capacity submerged membrane filtration system, chemical storage and feed systems, pump station upgrades, emergency generator system, and fire protection and security systems. The work will also include site grading; yard piping; electrical system upgrades; and all work associated with the construction of a new metal building, including HVAC, and plumbing. The project is located north of Highland Avenue and east of the 330 freeway, in the City of Highland, San Bernardino County, California.

EVWD advises potential bidders that the project is funded in whole or part with federal loan or grant funds through the California Safe Drinking Water State Revolving Fund, and, therefore federal Disadvantaged Business Enterprise (DBE) regulations apply to this project. All contractors must perform a good faith effort to meet the DBE guidelines included within the specifications in order to be considered responsive bidders.

Bids will be received until 2:00 pm on Tuesday, July 20, 2010, at the East Valley Water District Office at 3654 E. Highland Ave., Suite 18, Highland, CA 92364. Any Bids received after that time will not be accepted.

Contract Documents are available for purchase from Evelyn You, P.E., Camp Dresser & McKee Inc., 9220 Cleveland Avenue, Suite 100, Rancho Cucamonga, CA 91730. \$25 per set in CD pickup, \$50 per set in CD via overnight mail. Checks shall be made payable to "East Valley Water District".

A mandatory Pre Bid Conference and site walk will be held at the East Valley Water District Plant 134 site on Wednesday, June 16, 2010 at 10:00 am. No bids will be accepted from Contractors who did not attend the Pre-Bid conference and site walk.

For questions, please contact Evelyn You at (909) 579-3500 or YouEC@cdm.com.
