EAST VALLEY WATER DISTRICT PROVIDES SANDBAG SUPPLIES TO HELP CUSTOMERS PREPARE FOR HEAVY RAINFALL

Highland, Calif., (December 15, 2015) – Due to the high potential for heavy rains in the 2015-16 winter seasons, East Valley Water District (District) is making sandbag supplies available to local residents.

Empty sandbags and fill material are available to District customers beginning December 16, 2015. As a reminder, customers will need to bring their own shovels and tools. Items will be accessible 24 hours a day seven days a week at two District locations:

- District Headquarters, 31111 Greenspot Road, Highland, California 92346
- Del Rosa Facility, 1155 Del Rosa Avenue, San Bernardino, California 92410

“Historically our community has experienced heavy rainfall and East Valley Water District makes it a priority to assist customers where possible,” said Jose Martinez Assistant General Manager. “We are hoping that by having these supplies available it will aide our customers throughout the winter season.”

Customers may contact the District with questions by calling (909) 889-9501. For additional information on how to prepare for winter storms, visit www.eastvalley.org/winterstormprep.

#

East Valley Water District was formed in 1954 and provides water and wastewater services to 101,733 residents within the City of Highland and portions of both the City and County of San Bernardino. EVWD operates under the direction of a 5-member elected Board. More information is available at www.eastvalley.org.
