East Valley Water District Board of Director's Handbook

In support of East Valley Water District's mission, the Governing Board will develop, adopt, and maintain a Board of Director's Handbook. The intent is to educate and continually guide the Board to a high level of strategic success and achievement in accord with best practices. Contained in the Handbook shall be pertinent District information, controlling legislation, rules and regulations having authority, as well as local policies enacted by the Board. The Handbook will serve as a resource for directors, staff and members of the public in determining the manner in which matters of District business are to be conducted.

Preamble

The customers served by the East Valley Water District are entitled to elected Board members who are fair, ethical, and accountable. Such Board members constantly seek to reflect the following qualities:

- They comply with both the letter and the spirit of the laws and policies affecting operations of the District;
- They are independent, impartial, and fair in their judgment and actions;
- They use their public office for the public good, not for personal gain; and
- They conduct public deliberations and processes openly, unless legally confidential, in an atmosphere of respect, civility and transparency.

To this end, the East Valley Water District Board of Directors has adopted this Director's Handbook, along with its Code of Conduct, to encourage public confidence in the integrity of the District and its fair and effective operation. The Board's commitment to these principles is captured in the following Core Values:

1. **Leadership** in regional government, in the water industry, and in the local community.
2. **Partnership** with other agencies, stakeholders, and customers to enhance service.
3. **Stewardship** of ratepayer dollars and the region's precious water resources.

Chapter 1 – Role and Authority

Role of the Board

The primary role of the Board is to establish policies that guide the District to meet its mission. The policy decisions and actions of the Board constitute the "action" of the Board of Directors.

The Board has three (3) major responsibilities:

1. Promote the best interests of the District's customers by establishing policies that support the vision and mission of the District and by ensuring the implementation of those policies. Policies include the governing principles, plans, and course of action for the organization. Policy-making is the process of visionary planning and should reflect the broadest possible principles and provide parameters within which staff can operate. Policy-making sets the overall direction for the District.
2. The Board shall establish policies that ensure fiscal stability and the effective use of funds. In order to achieve this, each fiscal year the Board adopts a budget covering the anticipated revenues and expenditures of the District and reviews monthly and quarterly budget reports throughout the year. Additionally, from time to time, the Board reviews and/or adopts amendments to the District's cash reserve, investment, and other policies as necessary.
3. Hire a General Manager and CEO to manage the day-to-day operations of the District. The Board holds the General Manager/CEO accountable for the effective operational management of the District. An additional responsibility of the Board is to properly evaluate the General Manager/CEO on an annual basis.

In order to fulfill these responsibilities, the Board shall adhere to the following basic policy guidelines:

1. That the Board of Directors provides policy direction and leadership for the District.
2. That Board members recognize and respect the distinction between the policy setting role and the day-to-day implementation of policy by staff.
3. That it is the responsibility of the Board (from a policy perspective) to ensure that the District is a progressive, innovative, and well-managed agency.
4. That the Board exercises authority only collectively as a Board, and individual Board members shall not act on their own volition.
5. That the Board understands and provides leadership in regional, state, and national issues affecting the operations of the District.

6. That the Board respects the role of constituents in the governance of the District, and encourages their participation.
7. That key stakeholders should be consulted when and where appropriate.
8. That Board members represent the District in business related matters at meetings and events other than regular meetings of the Board.
9. That the Board maintains a high level of communication with the General Manager/CEO. When a Board member is going to be out of town or unavailable, the General Manager/CEO or his executive assistant is notified in a timely manner.
10. That Board members are provided the same information, where practical, including staff reports, committee agendas, customer inquiries, background information, etc.
11. That the Board is responsible for informing the General Manager/CEO of any specific information they want to receive from outside agencies or organizations. Staff is responsible for providing same in a timely manner.
12. That the Board is aware that all written and electronic documentation and communication is legally considered in the public domain. This excludes information protected by attorney-client privilege.

Authority

The East Valley Water District is a California Special District, an independent government agency which provides water delivery service to the customers within its boundaries. The District operates under authority of Division 12 of the California Water Code for County Water District. The District is governed by an elected Board of Directors who has authority to manage and conduct the business and affairs of the District, including the authority to fix terms and conditions of employment (including compensation) of District employees. The Board is authorized to delegate those powers. The Board has retained authority to employ and set terms and conditions for employment of the General Manager and CEO of the District, but the General Manager/CEO has management authority over subordinate employees.

In order for a Board of Directors to function in an effective manner, it is important that each member understand his/her respective role and the relationship they have to other members of the Board and to the General Manager/CEO. This also requires an understanding of the level of performance required to carry out the duties of a Board Member. The officers of the Board of Directors include the Chairman and Vice-Chairman. The Secretary to the Board of Directors is defined within the State Water Code as the General Manager/CEO of the District. Officers of the District are selected every two years corresponding with the general election for the Board or as otherwise determined by the Board of Directors.

Chapter 3 – Board Member Interaction

When the members of the East Valley Water District Board are elected to office, there is an expectation that they will bring a body of personal experience, knowledge and judgment to the development of good public policies. However, there is also an expectation that each individual will strive to work with fellow Board members and District staff as part of a team to address the various challenges and opportunities that are presented to them. The following represents Board member “best practices” for interacting with each other.

1. Board members are representatives of the District's culture and values its customers at all times.

Chapter 4 – Staff Interaction

The efficient and effective delivery of services to the customers of the East Valley Water District is a collaborative effort between the elected members of the Board of Directors and those individuals employed to execute the District's day-to-day operations. The Board's relationship and interaction with its professional staff must be carefully cultivated and nurtured at all times.

The Board's Relationship with the General Manager/CEO

One of the most vital relationships the District Board has is between itself and its General Manager/CEO. The General Manager/CEO is the primary agent of the Board and is the one to whom the Board delegates its authority to manage and administer the District's daily operations in accordance with approved policies. This position is important because to be successful, the District requires leadership and vision from its General Manager/CEO. In this capacity, the General Manager/CEO has two roles: Chief Executive Officer and top advisor to the Board. As the most visible employee, the General Manager/CEO truly represents the District to its many constituencies.

Much of the District's success will be dependent upon a positive relationship between the Board and its General Manager/CEO. Paradoxically, the leadership nature of both parties means that this relationship will likely create some inherent tensions; a strong Board and a strong General Manager/CEO will not always agree on every issue. However, both must consciously focus on maintaining a shared sense of purpose, open communication, honesty, trust and mutual support. While the General Manager/CEO is hired to carry out Board policy directives, the Board also looks to him/her for guidance and leadership.

One of the most important decisions a Board will make is the selection of a General Manager/CEO in whom they have confidence. The Board must be able to support the decisions of the General Manager/CEO and grant him/her the authority to manage and lead the District. This is critical for building the General Manager/CEO's credibility with the staff and the community. Both parties should always publicly support each other.

It is the General Manager/CEO's responsibility to ensure that the Board members have all the information they need to make Board-level decisions and that all Board members are provided the same information. Board members expect the General Manager/CEO to make a recommendation on every issue before the Board, except those that are strictly reserved to the Board.

The following are guidelines are intended to help define the relationship between the Board and the General Manager/CEO:

1. The General Manager/CEO prepares annual goals which are approved by the Board of Directors as a part of a formal performance review process.
2. The Board of Directors will provide the General Manager/CEO with a written evaluation annually.
3. Board members are encouraged to contact the General Manger/CEO about any subject related to the operations of the District. Similarly, the General Manger/CEO may discuss any District related issue with any member of the Board of Directors.
4. Concerns regarding overall District operations or specific department issues or department heads are addressed with the General Manager/CEO.
5. Critical information will be provided to all members of the Board by the General Manager/CEO, which feedback may be verbal, written, or electronic in nature.
6. The General Manager/CEO handles interdepartmental issues .
7. The General Manager/CEO shall advise the Board of Directors when he/she is out of the office for an extended period of time and shall designate the individual who shall be acting General Manager/CEO during that time.

Request for Staff Resources

Individual Board member requests for research or other staff work must be directed to the General Manager/CEO, or the District's legal counsel regarding legal matters. If, in the judgment of the General Manager/CEO, more than one hour of staff time will be required to complete the requested task/project, the item may be agendaized to solicit Board authorization to expend the additional time necessary on the proposed item. Staff responses to Board member requests shall be distributed to all Board members.

Interactions with Staff

District staff serves the entire Board of Directors as a whole. Consequently, the Board should adhere to the following guidelines in its interaction with the staff:

1. A Board member shall not direct staff to initiate any action, change a course of action, or prepare any report without the approval of the General Manager/CEO and, if necessary, a majority of the Board.
2. Board members shall not attempt to pressure or influence discussions, recommendations, workloads, schedules, or priorities.
3. When preparing for Board meetings, Board members should direct questions ahead of time to the General Manager/CEO so that staff can provide the desired information at the Board meeting.
4. Any concerns by a member of the Board regarding the behavior or work of a District employee should be directed to the General Manager/CEO privately to ensure that the concern is addressed. Board members shall not reprimand employees directly nor should they communicate their concerns to anyone other than the General Manager/CEO.

5. Soliciting political support from staff (e.g., financial contributions, display of posters or lawn signs, name on support list, etc.) is prohibited. District staff may, as private citizens with constitutional rights, support political candidates, but all such activities must be done away from the workplace and may not be conducted while on the job.
